- ◆ The essence of the Sacred Art of Living & Dying is to help caregivers bring into alignment their own “soul and role” — which improves both the quality of service and personal presence offered to patients and their families.
- ◆ Discover life-skills based on clinically-proven best practices that address spiritual and emotional distress during times of change, crisis, and at the end of life
- ◆ Explore the remarkable history and cultural diversity of spiritual caregiving traditions, practices, and rituals for healing
- ◆ Apply the teachings of the sacred arts to real-life case studies
- ◆ Learn from the ancient teaching: “We are the Medicine” through perspectives of quantum science and the healing arts
- ◆ Program evaluations consistently report that, “by focusing on caring for our caregivers, those we serve benefit by reduced anxiety, enhanced pain management and a more compassionate
